

Chairman's Report for Axminster Chamber AGM 3rd June 2025

Firstly, I'd like to thank any trader who has taken part in any projects we have ran this year such as tenner fest, Christmas trail, current scarecrow competition etc – these projects have the biggest impact when we **all** display posters, take part and advertise it on our social media and in our places of work. Although social media is a useful tool, word of mouth is the best form of advertising.

We are a small committee and would welcome the addition of any new willing helpers – every contribution made, no matter how small is a great help. Talk to us afterwards if you have any ideas or help to give.

We have worked with the PCC to get the benches back on the Minster Green for you all to enjoy – thank you to the Community Shed who did the repairs and re varnishing and Waffle for their part in it too.

Huge thanks to all who those who have repaired banners and hung them up once again – they do brighten up the town.

Also thank you to Adrian from Pink Pigeon and Barrie Hedges who work behind the scenes on our website and any social media queries we might have. Alison and I have been muddling on with bits of social media but would welcome any input or ideas .Do follow our new Instagram page
